

## AVEDA PLANT WAX HAIR REMOVAL

Aveda's hair removal system is a process that incorporates natural plant-based waxes, essential oils and soothing ingredients to give you the best results. Our waxing rituals will allow for the most comfort, as well as the best effectiveness. Using two different types of wax allows us to customize for the area of hair removal. Make sure to let us know if you're using doctor-prescribed skin care products or taking any medications so we can check for contraindications.
